ABOUT KARASHIYA SHIRO CO., LTD

Karshiya Shiro, founded in 1956 is a condiment manufacturer specializing in mustard. We possess a factory located in the midst of Southern Alberta's mustard grower in Canada where we select and process top quality of mustard seeds. Being located in the heart of the mustard growing area permits us to maintain constant communication with mustard seed farmers, observe crop and growing conditions, and purchase top quality of mustard seeds. We further import mustard powder processed in Canadian factories and seeds from Canada and manufacture top quality of mustard products in our factory located in Shimotsuma-shi, Ibaraki Prefecture. We produce various ranges of NB products, raw materials, and OEM products.
