COMPANY PROFILE

Ningbo Jilida Food Co., Ltd. was founded in 2002. We are a food manufacturer which mainly produce healthy biscuits and we also have our own R&D team. We concentrate on the food safety, always keep passion on the creativity of our foods production. With our professional production and deliverability, we have been working harmoniously with many famous brands in China for many years.

We are located in the North Costal City of Zhejiang Yuyao Ningbo, where is very close to Shanghai, Hangzhou and Beilun Port, its transportation and shipping is very convenient.

Our factory covers an area of about 12,000 m². We have taken pride in our food safety system and our state-of-the-art production capacity. So, we can offer our customers more than 1000 different types biscuits and 600 different types cookies in our production lines. We had achieved a fully automatic and closed integrated production, which makes the ratio of our food raw materials more accurate, consistent and healthy. We pride ourselves on the quality and efficiency, we have achieved and established a standardized production process. Our current annual production capacity can reach 15 million boxes.

As a manufacturer in the food industry, food safety is our first priority. We follow with the strict hygiene code and sanitation operation standards. With the strict control and enforced guidelines, we achieve strict production management, which ultimately lead us to make the most “safe, healthy and yummy” products for our customers.

We receive many complements on the cleanliness of our facility. Our standard of cleanliness is high but for us it can't be too clean.

In Jilida , through various precision and professional food testing instruments, Jilida has achieved accurate and complete data collection in R&D and quality control, so as to prepare for the continuous improvement of our products.

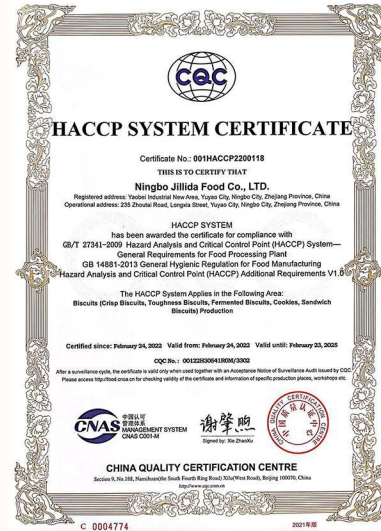

In 2016, Jilida had got the export licence, ISO22000 Food Safety Management Certification, HACCP Food Safety Certification, FDA Approval, and national SC standard. With our advantage of high quality, stable product output, professional product R&D and reasonable cost control, Jilida is fully committed to meet OEM request, e-commerce and other multi-requirements companies. At the same time, we also attach great importance to our own brand building. Meet consumers newest requirements, continue to develop different kinds of high quality new products. Jilida has superior reputation for many different big supermarkets and other stores sales.

In the near future, Jilida will focus on developing more different delicious biscuits and cookies, strengthening our own brand building and committed to work with our customers for offering more good products.
